

5th June 2024

Peak Season Surcharge

We wish to advise that due to escalating operating costs resulting from port congestion, equipment imbalance, and increased cargo demand, a Peak Season Surcharge (PSS) will be introduced, effective from 1st July 2024:

Origin Region:	North Asia and Southeast Asia
-----------------------	-------------------------------

Destination Region:	Papua New Guinea and Solomon Islands
----------------------------	--------------------------------------

Peak Season Surcharge Quantum	
20' FCL:	US\$ 500.00
40' FCL:	US\$ 1000.00

The increase, which will be applied as a surcharge, will be invoiced to the freight payer for any shipment with a Bill of Lading date of 1st July 2024 or later.

We thank you for your understanding and recognition of the necessary investments that must make to maintain our market-leading port coverage and service frequency.

We appreciate your continued support. Should you require any further information or have any questions, please do not hesitate to contact our local representative at the respective ports.
